PRE OPERATIVE INSTRUCTIONS

- ◆ Please know that if you require pre-operative testing, the arrangements will be made by your surgeon prior to surgery

- ◆ Once your Doctor schedules your surgery, you will be notified **24-48 hours** prior to the date of surgery from a Pre-Operative nurse. If you **DO NOT** hear from a nurse, please call the Surgery Center between the hours of **10am-2pm Ext 112**. If the nurse is with another patient, please leave a message on the voicemail and a nurse will contact you as soon as possible.

- ◆ Please follow the diet and special instructions given by your Doctor in preparation for your scheduled ambulatory surgery.

- ◆ **REMINDER: An adult must be present post-operatively to accompany the patient home; we DO NOT discharge patients to car service or other means of public transportation unless a responsible adult is present for the discharge of the patient.**

- ◆ **REMINDER: Please make sure you bring your Insurance ID cards, Form of identification, (i.e. Drivers license or State Issued ID), and a form of payment for any co-pays or co-insurances you may owe, so we may complete your registration process.**

Thank you for choosing the Melville Surgery Center.
